Summary

I'm Md. Ashikur Rahman, an aspiring creative professional and SSC '26 student at Harimohan Government High School. I'm passionate about graphic design, astronomy, and youth development. I currently serve in leadership and creative roles across several organizations.

I enjoy expressing ideas visually, managing creative projects, and exploring the intersection of science and art. Outside of academics and work, I love drawing, painting, typing, and exploring nature—especially mountains. I believe experiences shape growth, and I'm always eager to learn and collaborate.
